If you MEAN BUSINESS come in and list your property.
Forsyth, Mo.

LOCAL AND GENERAL.

—Mrs. J. E. Felkins returned home Tuesday evening after spending a 10 days visit with her parents near Ozark.

If you shave or have your hair cut by T. J. Vanzandt, the Forsyth barber, you are sure to return. Tom knows just how to fix you up in style.

—Mr. J. C. Parrish who was called to Polk county last week by the illness of his son Louie, returned home Tuesday evening and reports Louie much better.

Help is needed at once when a person's life is in danger. A neglected cough or cold may soon become serious and should be stopped at once. One Minute Cough Cure quickly cures coughs and colds and the worst cases of croup, bronchitis, grippe and other throat and lung troubles.

Work has been suspended on the King Solomon, pending some repairs upon their engines. They have two shafts, one 38 and the other 48 feet deep. In the shallow shaft they are working upon a 44-inch vein of rich ore. The vein is widening as the shaft is deepened.

Many persons have had the experience of Mr. Peter Sherman, of North Stratford, N. H., who says: "For years I suffered from chronic indigestion, but Kodol Dyspepsia Cure made a well man of me." It digests what you eat and is certain cure for dyspepsia and every form of stomach trouble. It gives relief at once even in the worst cases, and can't help but do you good.

Sol. Wheeler has blasted down the ore-bearing ledge on the Wilson land for a width of some fifty feet. He finds much lead and zinc ore running in veins and fissures in the ledge. He has quite a large amount of attractive ore piled up at these diggings. Immediately above the ledge is a well-defined break which can be traced around the mountain for a long distance. Out of this break directly back to where he is now working, during wet weather a considerable spring gushes forth. At this point Mr. Wheeler has begun to sink a shaft. We expect to hear good results from his work here.

—All farmers and stockmen of Taney county should remember the dates of the farmers' institutes to be held during this month at Kirbyville, Forsyth, Taneyville and Brown Branch. Make it a point to attend one or more of these lectures. They will surely be helpful to anyone engaged in the agricultural pursuits. The time is coming and is near at hand when the different industries of Taney county should be organized for the mutual benefit of the individuals engaged in these industries and the general welfare of the county. As soon as we get a railroad there will be market facilities for the products of the farm, such as were never before available to Taney county, and as a result there will be a great revival and activity along certain lines of industry. It will then be profitable to engage in certain specialties on a larger scale. At the present time we can point out certain special industries in this White river region that have been followed successfully, profitably and on a large scale. Let us mention: 1. Stock raising. 2. Fruit raising. 3. General agriculture. Under the first head may be included the following, either one of which can be made a profitable specialty: sheep; Angora goats, cattle; hogs; poultry. The second may be subdivided into apple orcharding; peach, plum and cherry raising; grape raising and wine making; and small fruits, including strawberries, raspberries and blackberries. The broad subject of agriculture includes many profitable crops such as: corn, cotton, tobacco, peanuts, wheat oats and cereals, and the forage crops including the grasses, millet kafir corn, sorghum, etc. As we said before, those who are already following these pursuits, should organize for their mutual benefit and to encourage and teach others who are thinking of engaging in the same industries. Besides the monetary advantages it can be the means of building up fraternal acquaintances and will result in improving the community in every way.

Among the tens of thousands who have used Chamberlain's Cough Remedy for colds and la grippe during the past few years, to our knowledge, not a single case has resulted in pneumonia. Thos. Whitfield & Co., 240 Wabash Avenue, Chicago, one of the most prominent retail druggists in that city, in speaking of this, says: "We recommend Chamberlain's cough Remedy for la grippe in many cases, as it not only gives prompt and complete recovery, but also counteracts any tendency of la grippe to result in pneumonia." For sale by all dealers.

Isaac Heryford is pushing his prospecting actively and successfully. Assisted by Mr. Lawing of the King Solomon, they are drifting into the ledge of disseminated lead east of his home and north of Pine mountain. Mr. Heryford has found ore in three separate ledges. The lowest formation is a peculiar mottled gray and white limestone carrying small particles of lead and jack. As work progresses, the per cent of ore increases. It is a very flattering prospect.

When the stomach is tired out it must have a rest, but we can't live without food. Kodol Dyspepsia Cure "digests what you eat" so that you can eat all the good food you want while it is restoring the digestive organs to health. It is the only preparation that digests all kinds of food.

An edition of a valuable little booklet on the subject of Angora Goats has been received at the office of Wm. H. Johnson, over the Taney County Bank. These can be had free of charge by farmers who are interested in knowing more about this industry and the profits to be derived from raising Angora goats on these Ozark hills.

—Keep in mind that the only first-class barber shop in Taney county is owned and operated by T. J. Vanzandt, the old reliable Forsyth barber. Tom treats everybody alike—his country patron with equal consideration as those who reside in town.

—Postmaster D. F. McConkey started for Chicago on Tuesday morning on a business trip and will be back in Forsyth on Sunday night.

The most effective little liver pills made are DeWitt's Little Early Risers. They never gripe.

—W. H. Johnson returned to his Chicago office on Saturday, where he will continue to exhibit and explain the mineral resources of Taney county.

—Second hand stove for sale and a work horse to trade for a cow. Call at this office.

—Mr. and Mrs. J. A. Tolerton came home yesterday afternoon. Mrs. Tolerton has been visiting relatives in Polk county and Jesse has been to St. Louis on business.

DeWitt's Little Early Risers are dainty little pills, but they never fail to cleanse the liver, remove obstructions and invigorate the system.

—Enoch Bowerman killed a rattlesnake with four rattles one day last week. It is a very unusual thing for snakes to be out sunning themselves in December, but good as our climate is it seems to be improving.

Don't use any of the counterfeits of DeWitt's Witch Hazel Salve. Most of them are worthless or liable to cause injury. The original DeWitt's Witch Hazel Salve is a certain cure for piles, eczema, cuts, scalds, burns, sores and skin diseases.

—Messrs. Trout & Fisher have established a foundry two miles north of the Pine mountain on the Kirbyville road. Here they will make castings and cater to the needs of the prospectors. At present tool-sharpening is one of their principal items of profit.

When you need a soothing and healing antiseptic application for any purpose, use the original DeWitt's Witch Hazel Salve, a well known cure for piles and skin diseases. It heals sores without leaving a scar. Beware of counterfeits.

—A Mr. Greene, of Chicago, was here the past week with a view to locating a goat ranch of several thousand acres. We trust Mr. Greene was pleased with the country, and understand he may return in the near future to make some definite arrangements in the matter.

—In the front window of the Taney County Bank can be seen a fine display of lead ore recently placed there by a gentleman who has a good prospect in the northeastern part of the county. We expect to be able to give more important developments in that quarter in the near future.

—Mr. Kiser, chief of the surveying corps at Taneyville, returned from a trip to Springfield on Monday. The men have ceased working for a time as a difficulty has arisen about their pay-checks, which are now overdue sixty days. The Little Rock and Northern has done a great deal of valuable and expensive work and no doubt this little matter of wages will be adjusted before long.

—Mart Thompson, an old citizen of Taney county and very well known in Forsyth, died at his residence four miles west of town, last Sunday. He had been more or less ill for about a year. Mr. Thompson was kind and generous and well liked by those who knew him intimately. He had done a great deal of work at his trade as a stone-mason in Forsyth and was a capable workman and a "good fellow."

—The latest news from the Anna Lee mine is to the effect that development is being pushed there at a rapid rate. Mr. McCormick, in a letter to friend in Forsyth, writes as follows: "Anna Lee is showing up beyond our expectations. We took out more mineral yesterday than we ever have with a week's work before. It looks now that Colonel DeMahler knew just what he was talking about when he proclaimed as he stood like a statue at the spring and said, 'Boys, you certainly have in the Anna Lee a mountain of mineral.'"

—If you want a nice job of poster work, letter heads, circulars, in fact anything in the job printing line, call on the REPUBLICAN.

McGee's Backache and Kidney Cure

Will cure you of backache, Kidney disease, bladder affections, etc. It is the best treatment known for these troubles. You will get the worth of your money.

Christmas Tree Meeting.
The people of Forsyth met in the school-house Monday evening to arrange for a Christmas tree on the eve of the 24th inst.

McGee's Baby Elixir
Makes babies healthy, fat and strong. It contains no opium or other poisons. When your baby is fretful, try one bottle and you will get the best. Prices, 25 and 50c.

How to Cure Croup.
Mr. R. Gray, who lives near Amelia, Duchess county, New York, says "Chamberlain's Cough remedy is the best medicine I have ever used. It is a fine children's remedy for croup and never fails to cure." When given as soon as the child becomes hoarse, or even after the croupy cough has developed, it will prevent the attack. This should be borne in mind and a bottle of the Cough Remedy kept at hand ready for instant use as soon as these symptoms appear. For sale by all dealers.

Strayed or Stolen.
On or about Nov. 26th, 1900, from the undersigned in Forsyth, one sorrel and white pony about 9 years old, blind in one eye, one white hind foot with crooked ankle. Any information leading to his recovery will be liberally rewarded. Address: Mary Milbourn, Forsyth, Mo.

Saw Death Near.
"It often made my heart ache," writes L. C. Overstreet, of Elgin, Tenn., "to hear my wife cough until it seemed her weak and sore lungs would collapse. Good doctors said she was so far gone with consumption that no medicine or earthly help could save her, but a friend recommended Dr. King's New Discovery and persistent use of this excellent medicine saved her life." It's absolutely guaranteed for coughs, colds, bronchitis, asthma and all throat and lung diseases. 50c and \$1.00 at B. B. Price's. Trial bottles free.
